

## Traders Wife

Pregnant Sara Klein is awakened by Federal agents who confiscate the contents of her husband Marks office. Told that Mark has vanished with millions of dollars of his clients money while on a business trip for his brokerage firm, she is accused of being an accomplice to his crime. An ex-employee of the same firm as Mark, Sara turns to her associates for help, but they have been told not to have any contact with her. Stalked by a menacing Russian matron who wants Mark and her missing funds, Sara scrambles to find her husband, misappropriated capital and the truth--a quest that could destroy both her and her unborn child.
