

Unfit to Practice (Nina Reilly)

Its the moment every lawyer fears most...One careless moment that threatens careers, reputations, lives...For Nina Reilly, it will change everything - igniting a case where her own clients are witnesses against her - and where the defendant is Nina herself. As an attorney championing desperate people, Nina Reilly has skirted the edges of legal ethics in pursuit of a just result, but she has never before broken the rule of absolute protection of her clients secrets. When her unlocked truck is stolen, her life changes forever. Gone are her most sensitive case files, complete with the sometimes brutally candid notes she took while interviewing her clients. And now the worst has happened: the secrets are being revealed, one by one, in ways that will cause the greatest harm. Ninas own clients complain to the State Bar of California, and suddenly Nina is fighting for her license and her livelihood in a legal proceeding that may ultimately lead her to disbarment. As reputations are ruined and people begin to die...a chilling pattern of rage and revenge comes into focus. Someone is bent on destroying the lives of Ninas clients and, in the process, Nina Reilly.
