

City Kid

From the author of international bestsellers *A Circle of Children* and *Lovey* comes an inspiring true story of a gifted teachers determination to understand the rotten city kid everyone has given up on. Sitting quiet and withdrawn at a battered school desk, Luke had the looks of a shy angel - and a past that special needs teacher Mary MacCracken could barely believe. Already Luke had been picked up 24 times by the police. Hed set over a dozen major fires, and had a staggering record of thefts. No adult could reach him, no teacher could control him, and no policeman could cow him. All this - and Luke was only seven and a half years old. Trying to help Luke was Mary MacCrackens job - and a seemingly impossible challenge. This is the remarkable story of how the impossible came true.
