My Cowboy Savior Merriam August has never been out of her hometown, until that fateful day that her husband decides that he needs her to take some documents by stagecoach to a nearby town. Shes reluctant, but soon learns that the documents are very important. She questions why he cant do it himself, but he tells her that their future depends on it. He cant go, because hes dealing with a land dispute with the sheriff and another owner. She leaves, but she soon finds herself stranded and alone. She meets up with a rogue cowboy named Vance. She convinces him to help her, but there are secrets that are going to come out that are going to throw her into his arms. What happens when they have to fight for their lives? What happens when her husband realizes that things have not gone according to plan? The Cowboys Dark Love William has set out on his own in the wilds of the undeveloped western territories, leaving behind his wealthy eastern seaboard family. Opal is a runaway who has no destination in mind, just a past. When their paths cross, neither is prepared for the change it will bring to their future. Pregnant and Rescued by the Cowboy Penelope was the kind of girl that stood out in a crowd. Dark skinned, tall and living in an era where its nothing but cowboys and guns. Fired from her job because she refused to give up her baby, she ran away and was trying to figure out how she would get back home with limited funds. The local Sherriff sees Penelope and has never been able to resist helping a damsel in distress. Dave doesnt need a job, or the money. Hes the Sherriff because he enjoys his job. Instead of just taking Penelope back to the local inn, he offers her a job. Something about her draws him and hes

not ready to see her go. The two of them hit it off, and eventually Dave asks her to marry him. He believes in waiting for marriage and is the kind of honorable kind of guy that is once in a lifetime. Penelope is worried that the differences will cause problems, but Dave doesn't seem to care what anyone else thinks. Will her past catch up to her and keep her from being able to marry Dave? The Cowboys Rescued Widow Hope Crosby had been married, since she was in her late teens. She thought that life couldn't get much better, but then her husband died and left her with a debt that she just didn't have the money to pay. She didn't realize that her husband Hank was hiding just how bad things were. It wasn't just the bank that they owed. Apparently, he never paid for the extra cattle or the food that was needed to keep his livestock from perishing. She'd never been with any other man besides her husband and now she had a lecherous man offering to suspend her debt for something that she couldn't possibly give him. She turned her attention towards being a mail order bride and soon meets up with Avery Olson. She has a secret, but she is reluctant to reveal it, in case it changes anything between her and Avery. What will happen when that secret comes out? Read now and receive a free gift at the end of the book! WARNING: This ebook contains mature language and content. It is intended for 18+ readers only!
