

What If ...

Beloved actress and bestselling author Shirley MacLaine contemplates a wealth of subjects from the mundane to the esoteric in this all-new collection of musings that begin with two simple words: What if...What if hope is the most dangerous emotion? What if a frog had wings? (Answer: He wouldnt bump his ass so much.) What if our political leaders actually led? What if Downton Abbey was full of Americans? What if, for some reason, I couldnt be creative and work? These are just a few of the what ifs that Shirley MacLaine considers in her new book written in the style of her beloved and laugh-out-loud memoir *Im Over All That*. In *What If...* she speculates on a wide range of matters, spiritual and secular, humorous and profound, earth-bound and high-flying, personal and universal. This is Shirley MacLaine at her most funny, acerbic, imaginative, and irresistible.
