THE FIRST REAL NOVEL ABOUT SCHIZOPHRENIA It is 1967. Kevin has just graduated from high school in the university town of Laketon, New York. People dressed in red are after him and his truck starts laughing at him. Then the Satan bugs arrive. Even these events dont stop him from falling in love. Kevins journey with schizophrenia takes him through some of Americas most turbulent and exciting times, from anti-war rallies and communes to cross-country road trips and Woodstock. Have you ever seen a mentally ill man on the street talking to himself and wondered what he is thinking, what he is like, what is his story? You will know after reading this book. Fuller Torrey, author of *Surviving Schizophrenia* and *The Insanity Offense* An evocative story, strongly written, and the reader can relate to Kevin - no small task. - Cara Hoffman, author of *So Much Pretty*
