

Witness Through Time

For fifteen years the disappearance of four college girls has haunted the small coastal Maine hamlet of Craggs Head Cove. The cases, dismissed as runaways, were never solved, until Glory Parker came to town. With her unemployment having just run out Glory Parker moves from her life in Boston to Craggs Head Cove to live with her sister and start life anew. The only problem is that Glory starts having strange visions of the past. Because of these visions Glory learns that the girls never ran away, but were instead brutally murdered. Now Glory needs to help police find the killer before he finds her.
